GO EXPLORE THE OUTDOORS

Make more time for adventure with this premium, rugged handheld. Get long battery life and multi-band technology for enhanced accuracy plus preloaded TopoActive maps and access to satellite imagery.

See your route clearly on the 3" sunlight-readable color display.

Travel longer with up to 180 hours of battery life in GPS mode and up to 840 hours in expedition mode.

Track your position in challenging conditions with multi-band technology and expanded GNSS support.

See the terrain you'll travel with vivid satellite imagery that downloads right to your navigator.

Stay tuned to the forecast with active weather on your route when paired to your compatible smartphone.

Discover new favorite places.

MULTI-BAND GNSS SUPPORT

Access multiple global navigation satellite systems (GPS, GLONASS, Galileo and QZSS). Get access to multiple frequencies sent by navigation satellites for improved position accuracy in areas where GNSS signals are reflected, weak or typically don't penetrate.

ABC SENSORS

Navigate every trail with ABC sensors, including an altimeter for elevation data, barometer to monitor weather and 3-axis electronic compass.

SATELLITE IMAGERY

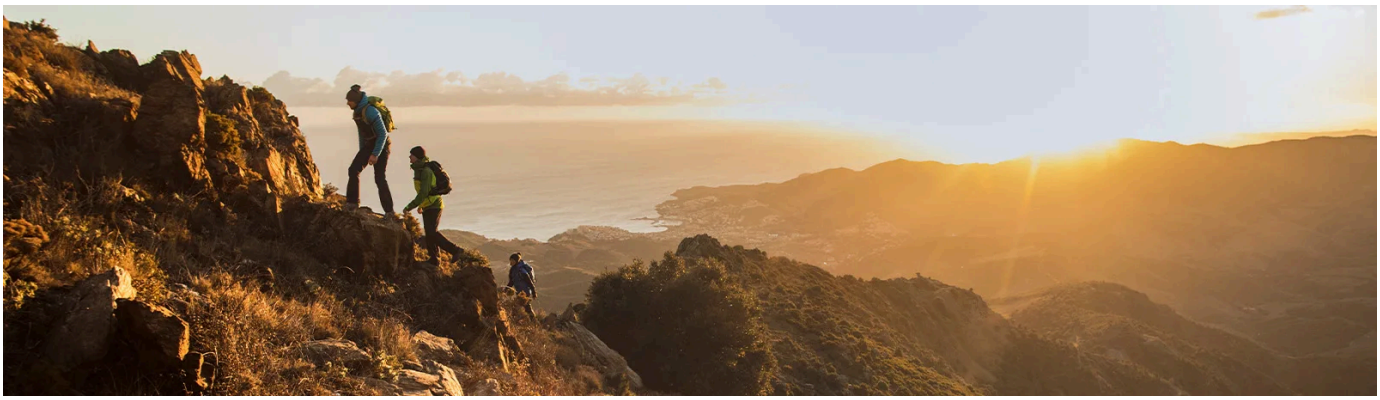
Download high-resolution photorealistic maps directly to your device via Wi-Fi® technology. Easily find trails, pick stand locations and parking, create waypoints and more.

PRELOADED TOPO MAPS

Get preloaded TopoActive maps for the U.S., Mexico and Canada — plus easy access to additional TopoActive mapping around the globe. View terrain contours, topographic elevations, summits, parks, coastlines, rivers, lakes, geographical points and more.

PREMIUM MAP FEATURES

With an Outdoor Maps+ subscription, you get public land information, landowner names, state plat maps, hunting management unit boundaries, BLM boundaries and more.



Find your way for days.

BUILT FOR ADVENTURE

This handheld is built to military standards for thermal, shock and water performance (MIL-STD-810), and it's even compatible with night vision goggles.

LED FLASHLIGHT

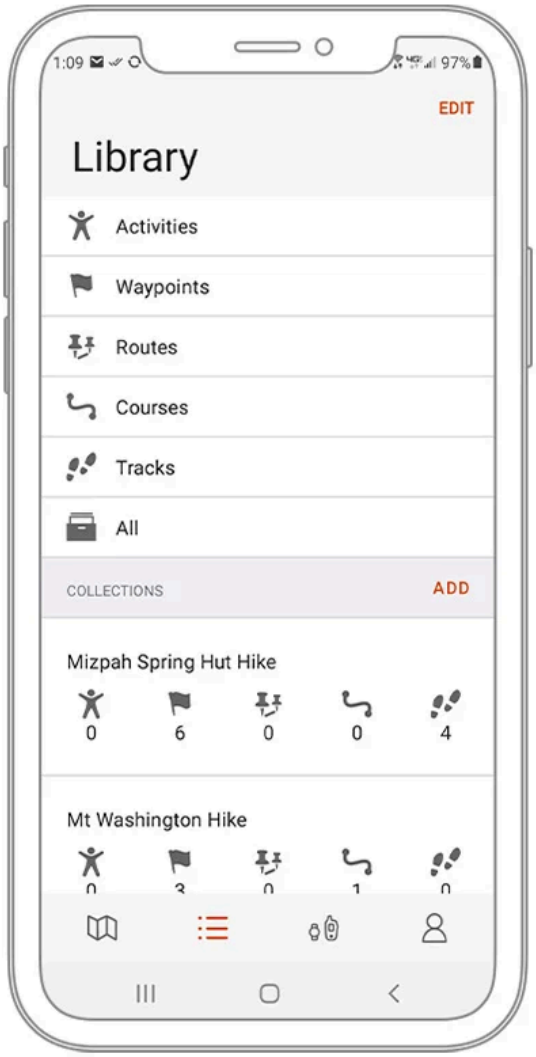
The GPSMAP 67 series helps you keep gear to a minimum with a built-in LED flashlight that can be used as a beacon to signal for help.

GEOCACHING

Get automatic cache updates from Geocaching Live, including descriptions, logs and hints. When connected via Wi-Fi technology or to the Garmin Explore™ smartphone app, each find will upload to your Geocaching.com profile.

ACTIVE WEATHER

When connected to the Garmin Explore smartphone app , you can get real-time forecast information, so you're aware of the changing conditions.



GARMIN EXPLORE APP

Sync your user data with the Garmin Explore app and website. You can even review completed activities while still in the field.

BATTERY LIFE

The internal lithium-ion rechargeable battery provides up to 180 hours of battery life in GPS mode and up to 840 hours in expedition mode.
